

NICK PHILLIPS FOR MAYOR OF THE CITY OF CAMPBELL

Dear Campbell Residents:

My name is Nicholas Phillips and I would like you to consider me when you cast your ballot for Campbell Mayor on November 3, 2015. Born and raised in Campbell, Ohio, I have long loved my hometown, which is why I have chosen to live here with my wife Laura and raise our two daughters. I graduated from Campbell Memorial High School in 1982 and after graduating from the Ohio Peace Officer Training Academy (O.P.O.T.A) began working for the Campbell Police Department. I was promoted to Detective Sergeant, served for six months as Acting Chief, was responsible for the formation and leadership of the Campbell Police Critical Response Team, and became a certified O.P.O.T.A Firearms Instructor. I am running for Mayor because, even retired from the Campbell Police Department, I believe it's still my duty to stand in vigilance of the City of Campbell and respond to any crisis that should befall her. I love our city, and I believe we should do what is necessary to protect what we love.

I remember Campbell, Ohio as a bustling steel town when it seemed the prosperity and progress would never end. When the steel mills closed, Campbell struggled, but despite her best efforts was never able to regain her footing. The fact that Campbell still exists is a testament to the motivation and drive of the residents; who continue to stand vigilant, refuse to give up in the face of defeat, and who fight daily for her very life. Campbell still has a strong community, a strong drive to succeed and the motivation to fight for a prosperous future. What she lacks, is a clear vision, a plan for advancement, and tactical responses to the many battles she is facing. I am ready to respond to this crisis.

The most serious issues facing the City of Campbell are lack of revenue and infrastructure, without this, Campbell will continue to backslide until she no longer exists. My plan is this:

1. Apply for all government grants to rebuild infrastructure.
2. Provide proper equipment and work force to the street department for snow removal, sweeping, to fill potholes, and maintain curbs and sidewalks.
3. Build a salt storage facility.
4. Create and enforce Facade Ordinances to hold accountable businesses who fail to maintain their property.
5. Work with council to offer incentives to new businesses that are willing build here and stay here.
6. Work with all departments addressing the many department and residential needs, such as; equipment, manpower, street paving, beautification, senior busing, and neighborhood events to restore Campbell to a beautiful and safe community.

I realize that Campbell's needs extend beyond the above but in any crisis you respond to the most critical first. If you are willing to fight for the future of Campbell, I am willing to lead the charge. Vote for Nick Phillips, with hard work and God's help we will rebuild our City! May God Bless the City of Campbell!

Sincerely,

Nick Phillips
