

Dear 1st Ward Voters,

My name is Tim O'Bryan,

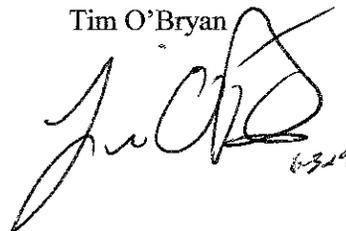

I am running for the 1st Ward councilmen of the city of Campbell. I am a former resident of Pittsburgh, PA raised in the Greenfield and Hazelwood areas. Just like Campbell, the mills were once alive where I grew up, I have seen from my past living there, how these areas were at one time not really clean, the crime rate, basically the downfall of Hazelwood when the Steel mills closed. Believe it or not, where I grew up, it's not much different than Campbell. I have seen the improvements that my former home has done in the past by simple changes, and I believe that with simple changes here in Campbell, this city that I grew to love, we can achieve the same thing. If Hazelwood and Greenfield can change, then so can Campbell, It will take time, patience, and a lot of research, but I do promise that if you support me, in time, this city can be really great again. Not just the first ward, but the whole city. I am a father of two sons, Dylan and Jordan, and I've been married to the same girl, Leanna (Kavinsky) CMHS c/o '91, for 19 years and am still happy and never looking back. I volunteer for the little Red Devils football program as a Bantam coach; I am a published writer, and also a member of UFCW Local Union 880, working at Giant Eagle in the Seafood and Meat departments

Looking back on the present councilmen's accomplishments and the others that represent Campbell, I have all the respect for them. I know that what I am signing up for isn't going to be easy. If I am elected to the first ward, I am going to need your help to accomplish what I want. It is as simple as a (yes or no) vote. You can take a chance with me. I have fresh ideas, and some are similar to others and some I could work with and continue.

My first plan of action would be to find out what the people in the first ward want, after all, if elected, the people who put me in ultimately have the first word. I am sure everyone has their concerns about where they live and what's around them, such as the potholes on the street, the abandoned or run down house's, or the garbage. With wanting to run for the 1st ward councilmen seat, this could possibly be the perfect example of opposites attracting. I love the challenge, and if I am elected, some of the things that have been going on, or not going on will change. I have a vision in my head for this area, but I need you to take a leap of faith to make things run for the better.

I know I am going to have a few obstacles that I am going to hurdle, just like anyone else filling in any vacant position. I see things as they are, I am a realist. If I see something that isn't right or needs to be questioned, I will be the first to act on it. With all that said, thank you for your consideration.
